

DARTMOUTH CIRCUIT PLAN

Planned Work:

- Replace 8.1 miles of existing overhead wire with new insulated wire
- Add temporary generator to serve approx. 200 customers during a PSPS event with minimal outages
- Implement operational protocol to raise PSPS windspeed thresholds

Expected Completion Date:

- September 2021

Expected Improvements:

- **90% reduction** in customer outage time, assuming the same weather conditions in 2020
