SPECIAL CONDITIONS

1. Metering Equipment: An analog meter or the customer's previous meter form (i.e., an analog meter or a non-analog, non-smart digital meter) will be used as the Opt-Out meter for customers who elect this Schedule. For the majority of customers, the opt-out meter will be an analog meter. This schedule is subject to meter availability
2. Time-of-Use: The following residential Schedules require time-of-use metering: TOU-D-1, TOU-D-2, TOU-D-T, TOU-D-TEV, TOU-EV-1, and CPP. Customers served under these Schedules may elect to opt-out of their Edison SmartConnect meter and take service under any non-time-of-use residential schedule for which they are eligible. Alternatively, customers may remain on their current time-of-use rate schedule and choose to elect service under this Opt-Out Schedule using a non-analog, non-smart digital time-of-use meter.
3. Billing: Opt-Out Customers will be charged the Initial Fee and the Monthly Charges described in the Rates section above. Opt-Out Customers will be required to pay the Initial Fee within 90 days. SCE may remove a customer from participating in this Opt-Out Schedule if the customer fails to pay the Initial Fee within 90 days of installation of the opt-out meter. In addition, all charges will be subject to the terms and conditions under Rule 8-Notices, Rule 9-Rendering and Payment of Bills, and Rule 11-Discontinuance and Restoration of Service.
4. Opt-Out Provisions:
  - a. Opt-Out Election: A customer must affirmatively elect to opt-out of the Edison SmartConnect meter to obtain service under this Schedule. Customers shall default to Edison SmartConnect meter-based service absent such an election. Customers who do not provide reasonable access to their meter or affirmatively prevent the installation of a Edison SmartConnect meter shall be deemed to have elected this Opt-Out Schedule.
  - b. Frequency of Election: A customer may only enroll in this Schedule once per twelve-month period at the same residence.
  - c. Opt-In Election: At any time, Opt-Out Customers may opt back into electric service with a Edison SmartConnect meter.
