1. Where combinations of meter readings are specifically provided for in the rate schedule.
 2. Where SCE's operating convenience requires the use of more than one meter.
- C. Payment of Bills. All Bills and Summary Bills are due and payable on presentation, and payment should be received at the office of SCE or by a representative or agent authorized by SCE. Accepted methods of payment are as follows:
1. Checks sent via the U.S. mail to the address on the payment stub, or
 2. Checks, money orders, or cash paid at any SCE Payment Office or an authorized payment location, or

 5. Any other means mutually agreeable to SCE and the customer.
- D. Returned Check Charge. SCE may require payment of a \$8.00 returned check charge for any check returned from the bank unpaid. The Returned Check Charge shall also apply to any forms of payment that are subsequently dishonored.

Customers can join the plan in any month of the year and the plan will extend for 12 subsequent months. However, customers may voluntarily withdraw from the plan upon written notice to SCE and a settlement bill will be generated in accordance with the provision of Section E.4. Meters will normally be read and billed at regular monthly intervals. The terms and conditions of the Level Pay Plan are as follows:
1. Level Pay Plan is open to customers regardless of length of service with SCE.
 2. The Level Pay Plan amount is due upon presentation as described in Section E.3.
 3. Customers shall pay the Level Pay Plan amount shown due each month before it becomes Past Due as described in Rule 11, Section A, Discontinuance and Restoration of Service.
 4. At the one (1) year anniversary of Level Pay Plan participation, all customers will receive a settlement bill. Customers will also receive a settlement bill if they voluntarily withdraw from the plan.

E. Level Pay Plan. (Continued)

5. When a settlement bill is rendered, any amounts due for usage over and above plan amounts already paid are then due and payable in accordance with SCE's filed tariff schedules; any credit for plan amounts paid in excess of actual usage will be applied to the customer's next regular monthly bill or will be refunded by check if so requested by the customer.
6. Level Pay Plan amounts will be reviewed and may be adjusted if there is a 20% or greater difference (10% or greater for small commercial and lighting customers) from the current Level Pay Plan payment amount and the newly calculated Level Pay Plan payment amount based on such review.
7. Participants may be removed from the Plan if, in the opinion of SCE, the conditions of service or basis on which credit was originally established have materially changed. If a customer is removed from the Level Pay Plan, a settlement bill will be rendered as described in Section E.5. above.

For customers with a minimum of 365 days of service, the following condition applies:

The Level Pay Plan amount is based on the daily average bill amount in dollars, multiplied by 365 and divided by 11 months. The Level Pay Plan amount will be rounded up or down to the nearest \$1.00.

For customers with less than 365 days of service or customers electing the Level Pay Plan at the time service begins at a specific service address, the following condition applies:

The Level Pay Plan amount will be based at one-half of the deposit base amount determined in accordance with the provisions of Section A.1 of Rule 7, Deposits, established on the account.

F. Late Payment Charge.

A late payment charge of 0.8% may be applied to the total unpaid balance of a domestic or non-domestic Customer Account if the customer's payment is not received by the date indicated on the Customer Account Bill or Summary Bill. (R)

Domestic California Alternate Rates for Energy (CARE) customers are exempt from application of the Late Payment Charge.

F. Late Payment Charge. (Continued)

Where a Customer Account or Summary Bill serves a State agency, and payment is not received within 50 calendar days after the postmark date of the bill, the late payment charge applicable to that Customer Account or Summary Bill will be at a rate of one (1) percent above the rate accrued on June 30 of the prior year by the Pooled Money Investment Account (PMIA), but not to exceed 15 percent. Such rate shall be applied to and accrue on a state agency Customer Account or Summary Bill only after 50 days from the date of the postmark on the bill has elapsed.

"Postmark date" is applicable only to state agencies in determining the Late Payment Charge. For all other accounts, the Late Payment Charge date is calculated from the "date of presentation" which is the terminology used consistently in SCE's other tariffs such as Rule 11.A.

The State of California shall notify SCE as to which Customer Accounts or Summary Bills serve state agencies. The provisions of the above paragraph shall apply after such notification, except where SCE has previously identified the account as one belonging to a state agency.

G. Privacy of Customer Information.

To preserve a customer's privacy when receiving and paying electric bills through the Internet, SCE shall not release confidential information, including financial information, to a third party without written consent from the customer. Privacy and security of customer usage information will be maintained in accordance with SCE's Rule 25, Protecting the Privacy and Security of Customer Usage Information.
