c. Other Metering Services

Other Metering Services include services provided by SCE that are in addition to and/or associated with the services described in this Schedule and/or in the IDR Metering and Metering Facilities Agreement (Form 14-655). Such services shall be charged on a time and materials basis (T&M).^{1/}

The charges will be calculated based on SCE's total costs to provide Other Metering Services. The total charge will be determined by multiplying the personnel classification hourly rate for each job by the number of hours worked, plus material costs which include a procurement charge of 13.7 percent and sales tax, plus the following charges, when applicable.

- (1) Investigation and Scheduling Charge. This charge applies unless the Other Metering Services are performed in conjunction with the installation of an IDR meter, in accordance with Section 2.a of this Schedule and includes the cost to research the customer's account, order appropriate equipment, and schedule the installation of the equipment for metering services not otherwise provided in the tariffs.

Per Installation

Investigation and Scheduling Charge: (T&M)

- (2) Material Handling Charge. This charge applies when the Other Metering Services performed results in a removed meter or when a customer requests SCE to return a customer-owned meter to the ESP or customer. This charge includes the cost to prepare the meter for shipment and the actual cost to ship the meter.

Per Removed Meter

Material Handling Charge: (T&M)
