

Schedule DS  
DOMESTIC SEASONAL

Sheet 1

APPLICABILITY

Applicable as an option to customers served under Schedule D, Domestic Service, who have established a minimum of 12 months billing history at their present account. This Schedule is not applicable to customers receiving service under Schedules D-SDP, DM, DMS-1, DMS-2, DMS-3, TOU-D-1, TOU-D-2, TOU-D-T, TOU-D-TEV, CPP, Option CPP of Schedule TOU-D-T, or the Peak Time Rebate option.

(T)  
(T)

Pursuant to Decision 13-03-031 in SCE's 2012 General Rate Case (GRC) proceeding, this Schedule will be closed to new customers on April 1, 2013. Existing customers may continue to receive service under this Schedule until SCE's next GRC.

TERRITORY

Within the entire territory served.

RATES

The rates of the single family domestic rate schedule, Schedule D or Schedule D-CARE, shall apply except that the customer's bill for the summer and winter season days shall be increased or decreased by the following adjustment:

	<u>Per Meter</u> <u>Per Day</u>
Adjustment:	
Summer Season Premium Charge:	
The daily Summer Season kWh usage for the current billing period in excess of the Average Winter Season Daily usage*, per kWh .....	\$0.07000
Winter Season Discount:	
The daily Winter Season kWh usage for the current billing period in excess of the Average Summer Season Daily usage*, per kWh .....	\$(0.07000)

\* The kWh resulting from the above computation shall not exceed the Nonbaseline kWh daily usage for the Summer or Winter Season days during the billing period.

SPECIAL CONDITIONS

1. Seasons: The Summer Season shall commence at 12:00 a.m. on June 1 and continue until 12:00 a.m. on October 1 of each year. The Winter Season shall commence at 12:00 a.m. on December 1 and continue until 12:00 a.m. on April 1 of each year. Nonseasonal days are from 12:00 a.m. on April 1 until 12:00 a.m. on June 1 and from 12:00 a.m. on October 1 until 12:00 a.m. on December 1 of each year. Billing periods may include non-seasonal days, since meters may be read on other than the season change date.
2. Average Season Daily Usage: The Average Summer Season Daily Usage is the average daily kWh consumption recorded during the preceding Summer Season. The Average Winter Season Daily usage is the average daily kWh consumption recorded during the preceding Winter Season.
