
Addendum to Appendix A – WDT1491

[REDACTED]
[REDACTED]
Queue Cluster 10 Phase I Report

February 26, 2018

This study has been completed in coordination with the California Independent System Operator Corporation (ISO) per Southern California Edison Company's Wholesale Distribution Access Tariff (WDAT), Attachment I Generator Interconnection Procedures (GIP)

NOT FOR PUBLIC RELEASE -- CONTAINS CRITICAL ENERGY INFRASTRUCTURE INFORMATION

Interconnection Study Document History

No.	Date	Document Title	Description of Document
2	02/26/2018	Addendum to Queue Cluster 10 Phase I Appendix A Report	Final Phase I Interconnection Study Report Addendum to complete the Distribution Upgrade substation scope description in Attachment 1.
1	1/16/18	Queue Cluster 10 Phase I Appendix A Report	Final Phase I interconnection study report

██████████ the Interconnection Customer (IC), received a Cluster 10 Phase I study report dated January 16, 2018 for its Interconnection Request (IR) to Southern California Edison (SCE) for their proposed ██████████ Project (Project) interconnecting to the SCE Electrical Grid, queue position WDT1491.

Subsequent to the release of the QC10 Phase I Interconnection Study report package of the Project dated January 16, 2018, it was identified that the substation scope provided in Attachment 1¹ was incomplete.

This Addendum to the Appendix A report rectifies the following:

- Attachment 1 of the Appendix A report to complete the Distribution Upgrades substation scope for the Project.

The Attachment 1 document provided as part of this Appendix A Addendum report dated February 26, 2018 replaces and supersedes the Attachment 1 document provided as part of the Queue Cluster 10 Phase I Report – Appendix A – WDT1491 report package dated and issued on January 16, 2018.

The Appendix A report and Attachment 2² documents dated January 16, 2018 remain unaffected by this report Addendum.

¹ Interconnection Facilities, Network Upgrades, and Distribution Upgrades

² Escalated Cost and Time to Construct for Interconnection Facilities, Reliability Network Upgrades, Delivery Network Upgrades, and Distribution Upgrades

Attachment 1:
Interconnection Facilities, Network Upgrades, and Distribution Upgrades
