[REDACTED]

## **Addendum #1**

### **Cluster 8 Phase I Final Report**

**March 3, 2016**

This study has been completed in coordination with the California Independent System Operator Corporation (CAISO) per Southern California Edison Company's Wholesale Distribution Access Tariff, Attachment I Generator Interconnection Procedures (GIP)

Project No.	Project Name	No	Date	Document Title	Description of Document
WDT1277	██████████	2	3/3/2016	Addendum #1 to Queue Cluster 8 Phase I Appendix A Final Report	The purpose of this report is to publish the written comments provided by the IC to SCE in accordance with the timelines stated per Section 4.5.7 in GIP
WDT1277	██████████	1	1/15/2016	Queue Cluster 8 Phase II Appendix A Final Report	Report to disclose results of QC8 Phase I cluster.

## Executive Summary

██████████ an Interconnection Customer (IC), received a Queue Cluster 8 Phase I (QC8 Phase I) study report dated January 15, 2016 for its Interconnection Request (IR) to Southern California Edison (SCE) for their proposed ██████████ queue position WDT1277.

Subsequent to the release of the QC8 Phase I report package for the Project dated January 15, 2016, to comply with GIP obligation to IC's written comments on interconnection studies as modified by FERC Order 792, SCE is publishing any written comments submitted by the IC:

- Within ten (10) Business Days of receipt of the QC8 PI report, but in no event less than three (3) Business Days before the Results Meeting conducted to discuss the report; and/or
- Additional comments on the final QC8 Phase I Interconnection Study report up to (3) Business Days following the Results Meeting

This addendum report discloses below the written comments provided by the IC to SCE in accordance with the timelines stated in GIP for QC8 Phase I study report dated January 15, 2016, and the Phase I study report is unaffected by this addendum report.

QC8 Phase I – WDT1277 – [REDACTED]

1. Written comments provided by IC within ten (10) Business Days of receipt of the QC8 PI report.

**Timeline / Deposits / Process**

- a. Update to site plan / single line
- b. Phase I deposit (due date? 15%? of what amount?)
- c. Phase II study (needed for this project? Separate study deposit?)
- d. Deposit following Phase II study?
- e. Timing of remaining studies with and without deliverability
- f. What will be the Interconnection Facilities Charge and the Distribution Upgrade Charge?
- g. Timing for GIA negotiations
- h. Other milestones
- i. Other deposits

**Phase I Results**

- a. Is any portion of the Area Report costs [REDACTED] allocated to the Project? If so, how much?
- b. Why the long lead time to construction [REDACTED] required ~8 months to design and install identical interconnection facilities)

**Confidentiality Agreement**

- a. Update on receipt of Area Subtransmission Report

**New Project**

- a. Possibility for independent study for a new project in the area.

2. Written comments provided by IC three (3) Business Days following the Results Meeting.

- a. None
