

14. Distribution Customer Responsibilities

14.1 Conditions Required of Distribution Customers

Subject to the terms and conditions of the Tariff, the Distribution Provider will provide Distribution Service to any Eligible Customer, provided that (i) the Eligible Customer completes an Application for service as provided under the Tariff; (ii) the Eligible Customer meets the creditworthiness criteria set forth in Section 8; (iii) the Eligible Customer and the Distribution Provider complete the technical arrangements set forth in Sections 13.5 and 13.6; (iv) unless otherwise provided in Section 12.8 or a Service Agreement that is a generator interconnection agreement, the Eligible Customer agrees to pay for any facilities constructed and chargeable to such Eligible Customer, whether or not the Eligible Customer takes service for the full term specified in its Service Agreement; and (v) the Eligible Customer executes a Service Agreement pursuant to Attachment A for service under the Tariff or requests in writing that the Distribution Provider file a proposed unexecuted Service Agreement with the Commission.
