 Resolution _____

**Multifamily Affordable Solar Housing / Solar on Multifamily
Affordable Solar Housing (SOMAH) Virtual Net Metering
Allocation Request Form**

(T)
(T)

A. This Multifamily Affordable Solar Housing Virtual Net Metering Allocation Request Form (Request) is for use in combination with Southern California Edison's (SCE) Schedule MASH-VNM, its successor, Schedule MASH-VNM-ST, or Schedule SOMAH-VNM. (T)

B. This Initial / Subsequent (circle) Request is being completed by:

1. Business or Company Name:

2. Business or Company Address:

3. Business or Company Phone Number:

4. Address of Residential Complex subject to Schedule MASH-VNM, MASH-VNM-ST, or SOMAH-VNM (if different than #2): (T)
(T)

5. Name of Individual Filling out this Form:

C. I request that:

- the sum of the kilowatt hours generated from the Eligible Generators shown below be allocated in the percentage split between the Common Area and the Tenant Units as provided in Table 1.
- these kilowatt hours be further allocated by individual percentages such that each tenant unit will receive a percentage allocation of the total tenant credit and each common area will receive a percentage allocation of the total common area credit as shown in Table 2.

Generator Service Account Numbers

| Generator 1 | Generator 2 | Generator 3 | Generator 4 | Generator 5 | Generator 6 |
|-------------|-------------|-------------|-------------|-------------|-------------|
| | | | | | |

Table 1

Generation Allocation Between Common Area and Tenant Units¹

| Common Area Percentage | Tenant Units Percentage | Total Percentage* (must equal 100 percent) |
|------------------------|-------------------------|---|
| | | |

* The Generation that will be allocated is the sum of the kilowatt hours generated by all Eligible Generators listed on this form.

¹ For Schedule MASH-VNM, the Owner- or Operator-designated percentage split between common use areas and tenants will remain in effect for a minimum of five years. For Schedule SOMAH-VNM, the Owner- or Operator-designated percentage split between common use and tenants will remain in effect for a minimum of twenty years. (T)

(T)

D. I represent that the forgoing is the percentage allocation of the photovoltaic generation credits that this company wants to take effect on the start of the next billing period that is at least 30 days following receipt of this form by SCE. Moreover, I understand that these allocations for the tenant area shall remain in effect unless 1) the unit(s) become uninhabitable, 2) the unit(s) previously removed becomes habitable, or 3) new residential unit(s) of the Residential Complex becomes available, at which time I may submit an updated allocation which shall remain in effect for a minimum of twelve months.

I also understand that this company will not receive any feedback from SCE regarding how much of the credits were used by each Qualified Customer absent appropriate releases from each Qualified Customer (that I must obtain at least annually) and a separate agreement with SCE.

I agree that SCE may from time to time release to the California Energy Commission and/or the California Public Utilities Commission information regarding the eligible Multifamily Affordable Solar Housing Residential Complex, including the Owner/Operator's name, the location of each Solar Generating Facility, their capacities and operating characteristics, and Qualified Customer names and account numbers at the Residential Complex.

(Signature) (Date)

A copy of this form, including the signed signature page, may be transmitted to SCE by facsimile or other electronic means, and may be executed by Electronic Signature. A copy of the signature page so transmitted may be used for the purpose of enforcing the terms of this form as though it were an original and it will not be made inadmissible in any legal or regulatory proceeding concerning this form on the basis of the Best Evidence Rule or similar rule of admissibility.
