Past due bills

Your collection notice was prepared on mm/dd/yy. You will have 15 days at your new address to pay a bill from a prior address before your service will be terminated. Termination of electric service requires a Service Connection charge. SCE does not terminate residential services for nonpayment of bills for other classes of service. If you are a residential customer, and claim an inability to pay and payment arrangements have not been extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission (CPUC).

What is the Late Payment Charge (LPC)?

0.7% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts). (T)

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.
