The master meter does not include nondomestic enterprises as described in Special Condition 3 of Schedule DMS-3.

2. Understands that a qualifying recreational vehicle is an RV unit that is used as a residence and the space it occupies is rented on a prepaid month-to-month basis, and further understands that a qualifying RV is not to be used for recreational purposes, and is not to be pulled out of the park on a regular basis. 4. Declares that no spaces served by said SCE meter are held out for rental to an RV which is not a qualifying RV as defined above. (T)

5. Declares that the SCE Meter, referred to in Paragraph 1 above, does not provide service to nonresidential load such as a motel, store, or restaurant, which exceeds 300 watts of lighting or 2 horsepower of power. (T)

6. Understands that where a Customer's account is eligible for and receiving service under Schedule DMS-3, it is necessary for the customer to bill the submetered tenants based on the actual kilowatthour usage registered on the tenant's submeter and at the same domestic rate SCE would charge if it were serving the tenant directly. Such rates shall be posted, in a conspicuous place, in the park by the Customer in accordance with California Public Utilities Code, Section 739.5.e. (T) (T)

7. Understands that:

(a) All the terms and conditions of SCE's tariffs, including Schedule DMS-3, as now stated or as revised by the California Public Utilities Commission shall apply. (T) (T)

(b) It is the Customer's responsibility to notify SCE promptly of any change in the Customer's operation which disqualifies this account for this rate, or which affects any provision of this rate relating to the number of Baseline allocations or submetered discounts, if any. (T)

(c) Eligibility for service under Schedule DMS-3, including the number of qualifying RV's, number of spaces, any information regarding Baseline allocations, and tenants eligible for Schedule D-CARE or D-FERA is subject to verification, from time to time, by SCE. (T) (T)

(d) In the event SCE determines that Customer's Park is not eligible for service under Schedule DMS-3 or (T) the Customer has not complied with this Eligibility Declaration, the Account will be transferred to an applicable rate schedule and the Customer may be rebilled accordingly.
