

Rule 12
RATES AND OPTIONAL RATES

Sheet 1

- A. **Effective Rates.** The rates charged by SCE for electric service are those on file with the California Public Utilities Commission (Commission) and legally in effect. Complete tariff schedules of all rates in effect will be kept in SCE's District Offices where they may be consulted by the public during office hours. SCE's tariffs and advice letters are also available at www.sce.com/Regulatory.
- B. **Optional Rates.** Where there are two or more rate schedules, rates, or optional provisions applicable to the class of service requested by the applicant, SCE or its authorized employees will call applicant's attention, at the time application is made, to the several schedules, and the applicant must designate which rate schedule, rate, or optional provision the customer desires. When the customer notifies SCE of any material change in the size, character, or extent of his utilizing equipment or operations, in accordance with Section C. of Rule 3, SCE will, within a reasonable time, advise the customer of the resulting rate options. In the absence of the notification provided for in Section C. of Rule 3, SCE assumes no responsibility for advising the customer of lower optional rates under other existing schedules, rates, or optional provisions available as a result of the customer's changes in equipment or operations. (T)
- C. **New or Revised Rates.** Should new or revised rates be established after the time application is made, SCE will use such means as may be practicable to bring to the attention of those of its customers who may be affected that such new or revised rates are effective. Customers may be eligible for service under new or revised rates subsequent to notification by the customer and verification by SCE of such eligibility.
- D. **Change of Rate Schedule.**
1. A change to another applicable rate schedule or optional tariff provision, for which the customer can properly qualify, will be made only where the customer elects to make such change.
 2. Should a customer so elect, the change will be made provided:
 - a. A change has not been made effective during the past twelve-month period; or
 - b. The change is made to, or from, a new or revised rate schedule; or

RATES AND OPTIONAL RATES

Sheet 2

(Continued)

D. Change of Rate Schedule. (Continued)

2. (Continued)

- c. There has been a change in the customer's operating conditions for that service which, in the opinion of SCE, justifies the change; or
- d. A change is made to or from Schedule DA-CRS in accordance with Decision 03-05-034 and Rule 22.1, or
- e. Except as may be specifically provided for in a rate schedule; and
- f. The change is not made more often than once in twelve months where service is being supplied under a schedule containing an annual fixed charge or an annual minimum charge; and
- g. The customer has made the request by written notice to SCE.

3. In the event that a customer elects to take service under a different rate schedule or optional tariff provision, than that under which he is being served and qualifies for service thereunder, the change will become effective for service rendered after the next regular meter reading following the date of notice to SCE.

E. Interconnection. Unless otherwise stated in the rate schedule, the rate schedules of SCE are applicable only for service supplied entirely by SCE without interconnection with any other source of supply, except that interconnection may be made by double-throw switch where necessary to meet the minimum requirements for emergencies.

F. Schedule CC-DSF, Customer Choice – Discretionary Service Fees and Schedule ESP-DSF, Energy Service Provider – Discretionary Service Fees.

SCE's Schedule CC-DSF and Schedule ESP-DSF provide descriptions and pricing for various discretionary services that SCE offers to Direct Access Customers, SCE Bundled Service Customers, and Energy Service Providers. Schedule CC-DSF and Schedule ESP-DSF will be updated as required by SCE and filed via Advice Letter with the Commission at SCE's discretion.

SCE reserves the right to refuse to provide services at these prices in the event that, in SCE's judgment, a customer's, or Energy Service Provider's, specific circumstances result in costs far in excess of the price for the service. Customers (including Energy Service Providers) may appeal SCE's decision by filing a complaint with the Commission in accordance with SCE's Rule 10. (T)

G. Online Price, Usage and Cost Information

SCE will make price, usage and cost information, updated at least on a daily basis, available online to its customers, along with applicable price and cost details and with hourly or 15-minute granularity (matching the time granularity programmed into the customer's smart meter), available by the next day. Customers may access their price, usage and cost information online by visiting <http://www.sce.com/myaccount>.
