

Schedule CC-DSF  
CUSTOMER CHOICE -  
DISCRETIONARY SERVICE FEES

Sheet 1

APPLICABILITY

Applicable, as set forth in this Schedule, to Direct Participation Demand Response (DPDR), Direct Access (DA), Community Aggregator (CA), and Community Choice Aggregation Service (CCA Service) customers purchasing metering services; Bundled Service Customers electing a rate option that requires the use of Interval Data Recorder (IDR) Metering facilities; or customers requesting IDR Metering and/or Metering Facilities in substitution for or in addition to standard facilities. The products and services provided in this Schedule are subject to availability.

TERRITORY

Within the entire territory served.

RATES

All charges and provisions of the customer's applicable rate schedule shall apply in addition to the following charges for the service being provided:

1. METER OWNERSHIP

- a. This fee applies when a customer requests a pulse output component be added to their existing Edison Smart Connect (ESC) meter located at their site.

ESC Meter with Pulse Output Fee<sup>1/</sup> .....\$454.00 (R)

2. METER SERVICES (Installation, Maintenance and Testing)

- a. Other Monthly Maintenance Service

Monthly charges for repair and replacement of the following types of meters or Metering Facilities vary based upon installation costs and type of equipment to be maintained:

- (1) Metering Facilities installed by SCE on a time and materials basis in accordance with Section 3.c of this Schedule;
- (2) IDR meters over one (1) year old which were not installed by SCE; and
- (3) IDR meters over one (1) year old which were installed by SCE, but were not continuously maintained by SCE during the life of the meter.

<sup>1/</sup> The service fee includes contract preparation, engineer job design, installation process, and various metering costs.

c. Other Metering Services

Other Metering Services include services provided by SCE that are in addition to and/or associated with the services described in this Schedule and/or in the IDR Metering and Metering Facilities Agreement (Form 14-655). Such services shall be charged on a time and materials basis (T&M).<sup>1/</sup>

The charges will be calculated based on SCE's total costs to provide Other Metering Services. The total charge will be determined by multiplying the personnel classification hourly rate for each job by the number of hours worked, plus material costs which include a procurement charge of 13.7 percent and sales tax, plus the following charges, when applicable.

- (1) Investigation and Scheduling Charge. This charge applies unless the Other Metering Services are performed in conjunction with the installation of an IDR meter, in accordance with Section 2.a of this Schedule and includes the cost to research the customer's account, order appropriate equipment, and schedule the installation of the equipment for metering services not otherwise provided in the tariffs.

Per Installation

Investigation and Scheduling Charge:..... (T&M)

- (2) Material Handling Charge. This charge applies when the Other Metering Services performed results in a removed meter or when a customer requests SCE to return a customer-owned meter to the ESP or customer. This charge includes the cost to prepare the meter for shipment and the actual cost to ship the meter.

Per Removed Meter

Material Handling Charge:..... (T&M)

<sup>1/</sup> The hourly personnel rates for such services are available upon request.

c. Other Metering Services (Continued)

(3) Engineering Estimate or Job Design Charge. This charge applies for providing estimates, performing job designs, and determining the material requirements at the request of the customer for standard meter installations. This charge will apply if SCE was requested to engineer a job and/or design a job and the customer did not pursue the work. The engineering estimate and/or job design is valid for 90 days.

Per Occurrence

Engineering Estimate or Job Design Charge:..... \$54.00

(4) Acceptance Testing of Customer-Owned Meter Charge. This charge applies for testing a customer owned IDR meter at SCE facilities. Shipping costs for the IDR meter are the customer's responsibility.

Per Occurrence

Acceptance Testing of Customer-Owned Meter Charge: (T&M)

(5) Pulse Adapter Equipment and Installation Charge. This charge applies to supply pulse interface equipment on a customer-owned or SCE-owned meter outside of the initial meter installation.

Per Occurrence

Pulse Adapter Equipment and Installation Charge:..... \$287.00 (R)

3. ADDITIONAL METERING RELATED SERVICES (Continued)

e. Ancillary Equipment Services

(1) Dual Socket Adapter. A device that allows two meters to be installed on the same meter socket.

(a) Dual Socket Adapter Device Charge: ..... (T&M) Per Device

(b) Dual Socket Adapter Device Installation Charge (includes reinstallation of existing meter and installation of a second meter): ..... (T&M) Per Device  
Per Installation

In addition to the charges described above, all customers who use installation services of any Ancillary Equipment will be charged the following, unless the services are performed in conjunction with the installation of an IDR meter, in accordance with Section 2.a of this Schedule.

Investigation and Scheduling Charge: ..... (T&M) Per Installation

f. Incomplete Trip Charge. Applies when a customer fails to arrive to a scheduled joint meet or when a customer requests SCE to visit a customer site to perform a metering related activity such as connecting a customer phone line to an IDR meter, perform a special meter test not related to a billing inquiry, and other such requests, but the job could not be completed due to circumstances for which the ESP or customer is responsible.

Incomplete Trip Charge: ..... Per Installation \$101.00 (R)

SPECIAL CONDITIONS

1. Meter Services for Direct Access Customers are as defined in Rule 22, Section G.
2. Residential and Small Customers: Bundled Service customers and Direct Access customers who are Residential and Small Customers, as defined in Rule 1, are eligible to own IDR Metering and/or Metering Facilities, as of January 1, 1999.
3. Bundled Service and CCA Service Customers: Bundled Service and CCA Service customers may purchase and own IDR Metering and/or retrofit Metering Facilities capable of providing IDR data, in accordance with Schedule BSC-IMO (Bundled Service Customer-Interval Meter Ownership).
4. Special MDMA Services: Upon customer request, SCE may provide special MDMA Services outside the regularly scheduled meter read date on a one-time basis, per request. This will not alter a customer's regularly scheduled meter read date.
5. Other Metering Services: Metering services other than those set forth in this Schedule and Rule 22. (D)
6. An "Interval Metering and Metering Facilities Agreement" (Form 14-655) and/or a "Meter Purchase and Related Meter Services Authorization Form" (Form 14-699) may be required for services under this Schedule. (T)
