

Schedule LS-1
LIGHTING - STREET AND HIGHWAY - UNMETERED SERVICE
COMPANY-OWNED SYSTEM

Sheet 1

APPLICABILITY

Applicable to service for the lighting of streets, highways, and publicly-owned and publicly-operated automobile parking lots that are open to the general public where SCE owns and maintains the street lighting equipment and associated facilities included under this Schedule.

Option E:

Beginning January 1, 2016, Option E, Energy Efficiency - Light Emitting Diode (LED) Fixture Replacement, is available to Customers that elect to have SCE replace its existing street lighting fixtures serving Customer load under this Schedule with LED street lighting fixtures to achieve energy efficiency benefits for the Customer. See Special Condition 14.

Distribution Pole-Mounted Discount:

Customers who meet the eligibility criteria outlined in Special Condition 15 may elect to receive a Distribution Pole-Mounted Discount for eligible street lighting facilities.

TERRITORY

Within the entire territory served.

* The kilowatthours used to determine the Energy Charge for the lamp types and sizes served under this Schedule are shown in the Special Conditions section, below.

** Closed to new installations.

*** The ongoing Competition Transition Charge (CTC) of \$0.00059 per kWh is recovered in the URG component of Generation.

1 Trans = Transmission and the Transmission Owners Tariff Charge Adjustments (TOTCA) which are FERC approved. The TOTCA represents the Transmission Revenue Balancing Account Adjustment (TRBAA) of \$(0.00076) per kWh, Reliability Services Balancing Account Adjustment (RSBAA) of \$0.00000 per kWh, and Transmission Access Charge Balancing Account Adjustment (TACBAA) of \$0.00419 per kWh.

2 Distrbtn = Distribution

3 NSGC = New System Generation Charge

4 NDC = Nuclear Decommissioning Charge

5 PPPC = Public Purpose Programs Charge (includes California Alternate Rates for Energy Surcharge where applicable.)

6 DWRBC = Department of Water Resources (DWR) Bond Charge. The DWR Bond Charge is the Wildfire Fund Non-Bypassable Charge which supports the California Wildfire Fund and is not applicable to exempt Customers pursuant to D.19-10-056. (T)

7 PUCRF = The PUC Reimbursement Fee is described in Schedule RF-E. (T)

8 Total = Total Delivery Service rates are applicable to Bundled Service, Direct Access (DA) and Community Choice Aggregation Service (CCA Service) Customers, except DA and CCA Service Customers are not subject to the DWRBC rate component of this Schedule but instead pay the DWRBC as provided by Schedule DA-CRS or Schedule CCA-CRS.

9 Generation = The Generation rates are applicable only to Bundled Service Customers.

10 DWREC = Department of Water Resources (DWR) Energy Credit - For more information on the DWR Energy Credit, see the Billing Calculation Special Condition of this Schedule.

11 Base LED Charge lists the charges applicable to Customers with LED fixtures installed upon a lump sum payment(s).

12 Option E is the monthly Energy Efficiency Premium Charge and the Base LED Charge by fixture wattage. Energy Efficiency Premium Charges (EPCC) by fixture wattage: 50 Watt / \$1.48, 70 Watt / \$1.32, 100 Watt / \$1.55, 150 Watt / \$1.67, 200 Watt / \$1.93, 250 Watt / \$2.26 and 400 Watt / \$2.79

13 The charges for LED by wattage are based on the actual wattage of LED lamps. Instead for the LED rates, High Pressure Sodium Vapor equivalent wattages are used as proxies for LED wattages.

*** Lamp Wattage is based on the total wattage consumption of the lamp and driver.

**** The Mid-Point Range of the Lamp Watts including driver, is established by deducting 2.5 Watts from the highest wattage of the corresponding range in the "Lamp Watts Including Driver" column.

***** The energy use calculation for All Night Service is (Mid-Point Range watts) x (4,140 hours/12 months/1000). The same calculation is used for Midnight service except that the hours of service is replaced with 2,170 hours.

SPECIAL CONDITIONS (Continued)

2. Standard Installation: A standard installation includes an overhead multiple service installation where SCE furnishes bracket or mast arm construction and standard luminaire attached to a wood pole.

SCE is responsible for all installation costs associated with the initial street light installation, as well as ongoing maintenance and replacement service when SCE has determined that such replacement is necessary. The installed cost of the Standard Installation is established by Commission Decision in SCE's General Rate Case proceeding. All facilities installed shall become and remain the sole property of SCE. (N)

3. Other Than Standard Installation:

a. Prior to January 1, 2014: (N)

(1) Installation and Payment Provision: Where the applicant requests the installation of an other than standard (OTS) Installation and the request is acceptable to SCE, SCE will install the requested equipment provided the OTS street light, installation, design, labor and material is in accordance with SCE's design and engineering specifications, and the applicant agrees to advance the amount invoiced for the installation, as described in 3.a.(2) below. For an underground service installation, the Applicant is responsible for furnishing and installing any necessary conduit, structures, excavating, backfilling and restoration of the pavement in accordance with SCE's specifications. SCE will retain ownership of the facilities, and will be responsible for ongoing maintenance and replacement service when SCE has determined that such replacement is necessary. Advances made for other than a standard installation will not be refunded. (T)

(2) Wood Pole Allowance Provision: For OTS Installations where SCE installs the requested equipment, as described in Special Condition 3.a(1) above, the applicant is required to pay the estimated difference between the OTS installed costs and the Wood Pole Allowance. This amount will be invoiced by SCE, and the customer must satisfy both of the following conditions before January 1, 2014 for the provision of the Wood Pole Allowance to apply: (N)

(a) A complete street light design package must be submitted to SCE including the SCE street light authorization form completed by the applicable public authority, and;

(b) The SCE invoice for the proposed streetlight facilities must be paid in full. (N)

SPECIAL CONDITIONS (Continued)

3. Other Than Standard Installation: (Continued)

b. Starting on January 1, 2014:

(1) Installation and Payment Provision: Effective January 1, 2014, where the applicant requests an OTS Installation, and the request is acceptable to SCE, the requested equipment will be installed pursuant to Installation Options (a) or (b), below: (T)

(a) Applicant-Installed: The applicant provides the OTS street light, installation, labor and material (cable and related electrical facilities) of OTS by the applicant's qualified contractor or sub-contractor in accordance with SCE's design and engineering specifications, covers all costs associated with the installation of the OTS street light facility (including furnishing and installing any necessary conduit, structures, excavation, backfill and restoration of the pavement in accordance with SCE's specifications), pays SCE for system inspections and upon completion of facility installation and subsequent acceptance by SCE, the applicant transfers and conveys ownership of all installed structures and facilities to SCE. SCE will be responsible for ongoing maintenance and replacement service when SCE has determined that such replacement is necessary.

(b) SCE-Installed: The applicant requests SCE to provide the OTS street light installation, design, labor and material in accordance with SCE's design and engineering specifications, and the applicant agrees to advance the full cost of the installation. For an underground service installation, the Applicant is responsible for furnishing and installing any necessary conduit, structures, excavation, backfill and restoration of the pavement in accordance with SCE's specifications. SCE will retain ownership of the facilities, and will be responsible of ongoing maintenance and replacement service when SCE has determined that such replacement is necessary. Advances made for OTS Installations will not be refunded.

(2) Wood Pole Allowance Provision: Effective January 1, 2014, SCE will discontinue granting the Wood Pole Allowance to applicants under this Schedule.

4. Hours of Service: Under SCE's standard all night operating schedule approximately 4,140 hours of service per year will be furnished. Under SCE's midnight service operating schedule approximately 2,170 hours of service per year will be furnished.

5. Other Than All Night Service:

- a. Where the customer requests the installation and/or removal of equipment in order to obtain Midnight Service and such request is acceptable to SCE, SCE will comply with such request provided the customer first agrees to pay to SCE the estimated cost installed of any additional equipment required and/or the removal cost of equipment currently installed. Such payments will not be refunded and shall be paid in advance or in installments acceptable to SCE over a period not to exceed three years. Facilities installed in connection with such requests become and remain the sole property of SCE.
- b. Total non-energy charge(s) shown under the RATES section shall be applicable under this Schedule when SCE has been requested to discontinue the existing service by the customer and the customer has stipulated, in writing, that the facilities are to be left in place for future use.

6. Removal, Relocation or Modification of Facilities:

- a. Where street lighting service and facilities are ordered removed by a customer and such facilities, or any part thereof, were in service for a period of less than 10 years (120 consecutive months), the customer shall pay to SCE a nonrefundable amount equal to the total estimated cost installed less any customer contribution, plus the estimated cost of removal less the estimated net salvage value of the facilities.
- b. Where street lighting service and facilities were ordered removed or modified by a customer and such service and facilities, or their equivalent, are ordered reinstalled within 36 months from the date of the order to remove or to modify, the customer shall pay to SCE, in advance of the reinstallation, a nonrefundable amount equal to the cost of removal or modification of the prior facilities and the estimated cost of such reinstallation.

6. Removal, Relocation or Modification of Facilities: (Continued)

- c. Where street lighting facilities are ordered modified and/or relocated by a customer, the customer shall pay to SCE, in advance of such modification and/or relocation, a nonrefundable amount equal to the estimated cost of such modification and/or relocation. This includes facilities that now serve street light load only, but that may have been installed originally to serve other than street light load.
- d. Facilities removed or installed remain the sole property of SCE.

7. Requirements and Restrictions:

- a. The applicant for street light service shall specify the type of service, lamp size, and location of street lights.
- b. Service shall not be furnished under this Schedule where location, mounting height, and/or other considerations are unacceptable to SCE.
- c. The installation of street lighting equipment and facilities hereunder is contingent upon SCE obtaining easements, rights of way, and highway permits satisfactory to SCE for the required poles, lines, equipment, and facilities.
- d. In accordance with Rule 4, a written contract for a term of not less than one year and not more than five years is required in order to receive street light service under the provisions of this Schedule.
- e. Should the applicant not commence using the street lighting in a bona fide manner within ninety (90) days after date of completion and installation of a street light or street lighting system requested by the applicant, SCE will bill, and the applicant shall pay, the applicable non-energy (other charges) portion of the lamp charge(s).

8. Timed Auxiliary Power Device Adaptor (TAP):
- a. This service is available under the terms and conditions stated below. An annual charge per device, found in the RATES section of this Schedule, plus a one-time set up administrative fee and a per modification administrative fee of \$65.00 per account plus Energy Charges billed at the LS-1 Midnight Service rate.
 - b. A Standard Installation shall consist of an individual TAP installed on SCE-owned ornamental street lighting pole.
 - c. This rate option is only available to governmental agencies who are the customer of record for ornamental street lighting service. A written Application and Agreement is required for service in conjunction with SCE-owned ornamental street lighting poles.
 - d. SCE will install the requested TAP and the installed TAP shall remain the sole property of SCE.
 - e. The installation of the applicant's holiday lighting decorations and hanger assemblies shall be in accordance with SCE's specifications.
 - f. The applicant shall specify the number of TAPs required. Billing will be based on the manufacturers' 300 watt rating for each device and the hours of operation.
 - g. At the time of installation of the TAP and annually thereafter until such TAP has been removed, the customer will be required to pay the annual charge.
 - h. In no case shall the granting of permission to install lighted holiday decorations for use with a TAP device on SCE's ornamental poles give the applicant any additional rights.

SPECIAL CONDITIONS (Continued)

- 9. Maintenance: SCE shall exercise reasonable care and diligence in maintaining its street light facilities or SCE-owned attachments thereto. Where SCE experiences, or expects to experience, maintenance costs exceeding its normal maintenance expense resulting from, but not limited to, vandalism, SCE may require the customer to pay the excess maintenance expense.
- 10. Liability of SCE: SCE shall not, by taking action pursuant to its tariffs, be liable for any loss, damage, or injury, established or alleged, which may result, or be claimed to result, therefrom.
- 11. Differential Facilities Rate: Where a governmental agency (applicant) requests and SCE agrees to install facilities which are in addition to the Standard Installation (differential facilities), the differential facilities installed costs shall be borne by the applicant.

In addition, where an applicant requests and SCE agrees to acquire the applicant's series street light system, the difference between the cost of the facilities to convert the series system to multiple service and the cost of the Standard Installation, shall be borne by the applicant.

At the option of SCE, the applicant may pay the differential facilities installed costs as a monthly charge in lieu of a one-time payment. The monthly charge is equal to 1.2 percent times the differential facilities total installed costs.

A Schedule LS-1 Differential Facilities Rate Agreement is required for service under this Special Condition.

- 12. Parking Lot Lighting Service: An "Agreement For Parking Lot Lighting Service SCE-Owned System Schedule LS-1" (Form 14-685) shall be required for parking lot lighting service under this Schedule.

13. Billing Calculation: A customer's bill is calculated according to the rates and conditions above.

The charges listed in the RATES section are calculated by multiplying the Total Delivery Service rates and the Generation rates, when applicable, by the billing determinants (e.g., per kilowatt [kW], kilowatthour [kWh], etc.).

As of January 1, 2012, all generation supplied to Bundled Service Customers is provided by SCE. The DWR Energy Credit provided to Bundled Service Customers is determined by multiplying the DWR Energy Credit rate component by the customer's total kWhs.

- a. Bundled Service Customers receive Delivery Service and Generation service from SCE. The customer's bill is the sum of the charges for Delivery Service and Generation service determined, as described in this Special Condition, and subject to applicable discounts or adjustments provided under SCE's tariff schedules.
- b. Direct Access Customers receive Delivery Service from SCE and purchase energy from an Energy Service Provider. The customer's bill is the sum of the charges for Delivery Service determined as described in this Special Condition except that the DWRBC rate component is subtracted from the Total Delivery Service rates before the billing determinants are multiplied by such resulting Total rates; plus the applicable charges as shown in Schedule DA-CRS and subject to applicable discounts or adjustments provided under SCE's tariff schedules.
- c. CCA Service Customers receive Delivery Service from SCE and purchase energy from their Community Choice Aggregator (CCA). SCE will read the meters and present the bill for both Delivery and Generation Services to the CCA Service Customer. The customer's bill is the sum of the charges for Delivery Service as displayed in this Rate Schedule and Generation charges determined by the CCA plus the applicable charges as shown in Schedule CCA-CRS, and subject to applicable discounts or adjustments provided under SCE's tariff schedules.

Schedule LS-1
LIGHTING - STREET AND HIGHWAY
COMPANY-OWNED SYSTEM

(Continued)

SPECIAL CONDITIONS (Continue)

14. Option E: Option E, Energy Efficiency - Light Emitting Diode (LED) Fixture Replacement
Customers electing to have SCE replace its existing street lighting fixtures with LED street lighting fixtures to achieve energy efficiency benefits for the Customer may elect this Option instead of the Base LED lamp charge, which applies to Customers that elect an upfront lump sum payment for LED fixture replacement costs. Customers with decorative street lighting fixtures may also elect to be served under this Option; however an up-front one-time payment of the differential cost between the decorative light fixture and a non-decorative light fixture is required.

Customers electing this Option are subject to the monthly rates in Option E in the RATES section, which include an Energy Efficiency Premium Charge (EEPC) and a Base LED Charge.

Customers must sign Form 14-965, Schedule LS-1 Option E, Energy Efficiency-LED Fixture Replacement Rate Agreement (Agreement) to qualify for this Option and will be subject to a term of 20 years (Term). At the end of the Term, the Customer will be moved from Option E to the Base LED Charge of this Schedule. The Customer may terminate the Agreement at any time within the Term upon a 30-day advance written notice, provided that the Customer, prior to or within the 30-day notice period, assigns the Agreement to any New Party In (NPI) that owns, rents or leases the premises with the street lighting fixtures replaced under this Option and will take service under Option E of this Schedule effective as of the date of termination; otherwise, the Customer shall pay a one-time termination charge equal to the balance of the EEPC of Option E over the remaining Term. The NPI will pay the Option E monthly charges for the remaining Term pursuant to the terms and conditions of Form 14-965 and Option E of this Schedule.

15. Distribution Pole-Mounted Discount:

Customers taking service under this Schedule with street lighting lamp fixtures mounted on distribution poles may elect to receive a Distribution Pole-Mounted Discount for each eligible street lighting lamp fixture. Customers taking service under this Schedule with street lighting lamp fixtures mounted on a distribution pole are eligible for a Distribution Pole-Mounted Discount as shown in the RATES section above. Customers are eligible to receive a Distribution Pole-Mounted Discount upon SCE's inventory of eligible streetlighting facilities within their jurisdiction. This discount will apply on the Customers next schedule billing date after a Customer elects this option, and qualifies for service herein.
