Resolution _____

15 DAY NOTICE OF SERVICE TERMINATION

Your electric, gas and/or water service is provided through a single Southern California Edison electric, gas and/or water meter serving all tenants. Existing billings (under the landlord's name) for service at this address are past due and unpaid. To prevent termination of service, or reestablish service in the event service has been terminated, you have the right to become a customer of the utility without being required to pay the amount due on the delinquent account.

The tenants, or their representative, requesting electric, gas and/or water service must meet the terms and conditions of service and requirements of Edison's tariffs and any applicable law. To arrange for the master metered service to be continued or turned back on:

- a. Tenants may form a legal association which shall apply for service through an authorized member, or
- b. One or more tenants may accept personal responsibility for the payment of electric, gas and/or water service.

SCE has no alternative but to terminate service in accordance with Rules on file with the California Public Utilities Commission unless the past due bills are paid, or one of the above arrangements to pay for future services is made on or before the disconnection date listed below.

If you have any questions regarding this notice, please contact Edison at the address or telephone number shown below:

Title: Customer Service Representative
